2011 BANDON INFORMATION AND ITINERARY

Bandon, a charming town known for its lighthouse, quiet beaches with giant sea stacks, terrific vantage points for winter storm watching, world-class golf courses, fine dining, and luxurious accommodations. Bandon was rebuilt after a devastating 1936 fire destroyed the entire business district and most of the residences. A brick chimney on the site of the old bakery stands as a memorial just off Hwy 101. Today the Old Town district is a thriving tourism community. Bandon's "Historic Old Town," located on the marina is filled with galleries, culinary specialties, restaurants, boutiques, and souvenir shops. South of town, Hwy 101 passes through some of the richest cranberry bogs this side of New England.

Stay in Bandon and enjoy shopping, beachcombing, birding, surfing, golfing, crabbing, fishing, mushroom picking.....and so much more!

For your group and FIT clients visiting Bandon, we have created a list of recommended businesses including contact information for sample ideas of tours, attractions, outdoor adventure, restaurants, and hotels. This is only a sample list. For a complete list of retail stores, attractions, art galleries, hotels, restaurants, festivals, and events visit www.bandon.com.
